Our Differentiators:

- Deep Subject Matter Expertise in Cybersecurity Operations, Risk Management Framework (RMF), AI, Full-Stack Development
- Our Intellectual Property (IP) is a trademarked ATO solution accelerator platform that enables customers to reduce security accreditation time by 90%.
- Cybersecurity is central to everything we do
- Broad experience delivering results across DOD, DHS, DoS, and Federal Civilian Agencies
- GSA MAS Contract Holder
- Agile, efficient, and customer-obsessed with over 95% customer satisfaction.

OneZero Solutions, the Protégé Partner, is an SBA-certified 8(a) SDVOSB organization with a strong emphasis on practical problem-solving. Our team of qualified Cyber professionals specializes in cybersecurity operations, IA, enterprise IT, DevSecOps, data analytics, and program management.

Alpha Omega, as the Mentor Partner excels in digital modernization and cybersecurity across a spectrum of government programs. Serving as a DHS Prime Contractor, we operate in various agencies such as USCG, ICE, USDA, and DoS, delivering cyber strategy, security operations, Zero Trust, and RMF solutions.
